Target Asset: Muninn Necklace (\$3.8M value) • Incident Date: October 14 • Log Entry: October 15 (Phase II Logs)

Witness: Margaret Ellis

POSITION: Gala Guest / Attendee INTERVIEW DATE: October 15 RECORDED BY: Detective Division

I spent part of the evening in the exhibition hall before dinner. While there, I noticed a man later identified to me as Victor Hale standing near the Muninn Necklace display.

He appeared very interested in the necklace and spent longer at the display than most guests. I remember him asking questions about its history and where it had come from.

I did not see him touch the necklace or enter any restricted areas. As far as I recall, he remained in the public exhibition space the entire time I observed him.

POSITION: Events Coordinator,
Blackwood Foundation INTERVIEW DATE: October 15 RECORDED BY: Detective Division

During the donor viewing, I was moving between the ballroom and the exhibition area assisting guests.

At some point that evening, I noticed a woman standing near the entrance to one of the staff corridors adjacent to the exhibition hall. I didn't think much of it at the time because several authorized personnel were moving through the area throughout the event.

I only remember the incident because the woman seemed to be looking for a room number or sign before continuing down the corridor.

I would not be able to positively identify her.

Witness: Daniel Foster

POSITION: Catering Supervisor INTERVIEW DATE: October 15 RECORDED BY: Detective Division

My team was serving refreshments during the donor viewing portion of the evening.

I remember exhibition staff moving the Muninn Necklace from the display area for the viewing. This did not seem unusual, as we had been informed the transfer was part of the event schedule.

There was a brief period where several staff members were occupied assisting donors and coordinating the viewing. Aside from that, the event proceeded normally.

I did not witness the theft or observe anyone behaving suspiciously.
